FIGMA

DISEÑO UX/UI

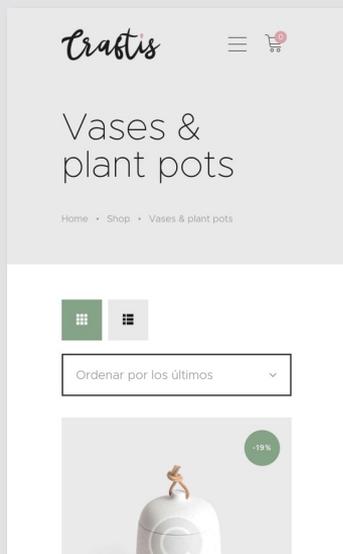

The screenshot displays the Figma design tool interface for a mobile application project named "viandasStore-UX/UI". The interface is divided into several key sections:

- Top Bar:** Shows the project name, a "Free" status, a "Share" button, and a zoom level of 24%.
- Left Panel (Layers/Assets/Compon...):** Contains a search bar and a "Pages" list with items like "Viandas Store - UX/UI" and "Identidad - Guia de Estilos". Below this is a "Componentes" (Components) list with categories: "USUARIOS", "PRODUCTOS", "ORDENES", "OTROS", and "Iconos". Under "Componentes", there are sub-categories like "BOTONES" (Buttons) and "NAVEGACIÓN" (Navigation).
- Central Canvas:** Displays a collection of design assets for the "viandasStore" app. It includes:
 - Iconos:** A grid of various icons.
 - Componentes:** A collection of UI components such as buttons, text boxes, and input fields, some labeled "MIS VIANDAS".
 - Wireframes:** Mockups of mobile app screens showing navigation, product listings, and checkout flows.
 - Illustraciones:** Colorful illustrations of people using the app.
 - Onboarding:** A section titled "ONBOARDING" with a "TITULO PR" label.
- Right Panel (Design/Prototype/Inspect):** Shows design settings for the selected element, including:
 - Background:** Color code F2F2F2, 100% opacity.
 - Local styles:** A section for defining local styles.
 - Text styles:** A list of text styles with attributes like "Title", "Body", and "Caption", each with a size (e.g., "Ag 1 - 20/22", "Ag 2 - 18/Auto").
 - Color styles:** A list of color styles including "Primary", "Accent", "Semantic", and "Neutral", with a "Neutral" list containing three items.
